OL. XXIV, NO. 311

GAINESVILLE, FLORIDA, FRIDAY, FEBRUARY 7, 1908

TEN CENTS A WEEK

FIERCE FIRES RAGED

Costly Blazes at Trenton, N. J., and Berlin, N. H.

TOTAL LOSS OVER \$500,000

Berlin Firemen Had Unusual Experience, Three Fires Breaking Out in Different Parts of the Town at About the Same Time.

Berlin, N. H., Feb. 6.—Two separate fires in the business section of this town, which burned Tuesday night and early Wednesday morning, were controlled after five hours' fighting, during which time the entire business district was threatened, burning as they did, at both ends, and an aggregate damage estimated at \$400,000, was caused.

Although controlled shortly after 1 o'clock the buildings continued ablaze until after daylight. Numerous shifts in the wind accompanied by increased strength kept the firemen from two outside cities, who had been summoned to help, on their mettle to prevent a further spread.

The Green block, in which the blaze originated, which was occupied by business houses as well as shelter for fifty tenants, and the Berlin National bank, were destroyed by the fire at the lower end of the town and six tenement buildings, several blocks up Main street, were burned by the second fire. The two fires, burning at each end of the town, alarmed the local officials and help was summoned from Portland and Lewiston, Me., the only engine in the town having broken down during the early stages of the fire.

While the attention of the firemen was divided between the two fires, a third broke out some 500 yards up Main street in the boot and shoe establishment of J. G. Marrier.

The Marrier store was located in a building situated in the center of a nest of tenement buildings and before control was gained over the flames five of these had been completely destroyed.

Trenton, N. J., Feb. 6.—Two large buildings, of the John A. Roebbing Sons & Co., wire rope manufacturers in this city, were destroyed by fire on Wednesday, involving a loss of about \$200,000.

Three Italian laborers who were assisting the firemen had a narrow escape from death. About 400 men are thrown out of work by the fire.

CRACKSMEN HAVE EASY JOB.

Postmaster Put Up Sign Which Burglars Took Advantage Of.

Stamford, Conn., Feb. 6.—Burglars after stealing tools from a carpenter shop entered the postoffice here with the intention of blowing the safe. They did not do so, for on the front of the safe was this sign:

"This safe is not locked, so please don't blow it open."

The burglars took the stamps that were in the outer compartment and left. Postmaster Wyckoff said he put up the sign in order to save his safe, it having been blown open three times and the building burned twice by burglars within the past five years.

Stands for Re-Election.

Savannah, Ga., Feb. 6.—Congressman C. G. Edwards, of the first district, has announced his candidacy for re-election. He states that he has had so many requests to make the race again that he could not refuse. The others in the race are W. W. Shepard, of Chatham; E. K. Overstreet, of Screven, and William Clifton, of McIntosh. J. Randolph Anderson, of Chatham, may also run.

Family Barely Escaped.

Blue Ridge, Ga., Feb. 6.—Tuesday morning a cottage belonging to Captain Hipp, and occupied by James Smith, was destroyed by fire. Mr. Smith and his family had a very narrow escape from death, as the roof fell in shortly after they left the building. They lost all their furniture and belongings and had no insurance. The house was fully covered by insurance.

RUMORED RAILWAY CHANGE.

Atkinson Line May Get Macon and Birmingham Road.

Macon, Ga., Feb. 6.—There is talk in railway circles that the Macon and Birmingham may become the property of the Atlanta, Birmingham and Atlantic and thus become a part of the mileage of the system.

The idea has struck favorably with the business men of the community, for it would mean a new opening to the west through Atlanta, a new opening to the sea at Brunswick and a route to the coal fields through Birmingham.

There is no stronger reason for the rumored change of ownership than the fact that the Old Colony Trust Co. now having large interests in the Macon and Birmingham, also has large interests in the Macon and Birmingham and Atlantic. It is certain also that some change must be made that will cause the Macon and Birmingham to earn more for its owners. It is a certain fact that railway managers concerned are casting about in efforts to find greater uses for the Macon and Birmingham than have heretofore existed. For years the road has not been the most desirable property and the strongest reasons put forth are that the line is cut off from a great deal of business through its present form of existence.

The indications are that those who are interested will make early efforts to secure changes which will mean more commercial advantages to the line.

SALOON MEN INDICTED.

Thirty-Eight Indictments Returned at Cullman, Ala.

Cullman, Ala., Feb. 6.—Thirty-eight indictments were returned in less than two hours Tuesday afternoon against saloon men by the special grand jury in session here for violation of the state prohibition laws.

Numerous other indictments are expected to be rendered.

In his charge to the grand jury, Judge Speake told them to ignore the action of Probate Judge Burke in issuing licenses to the saloon men on the ground that the prohibition law is unconstitutional. He told them to proceed as though no such license existed. This ruling caused consternation among the saloon men, because it was so unexpected. Seven saloons are still open doing business in Cullman.

TOO POOR TO PAY, HE WALKS.

Father Making Long Journey To Bid His Son Goodby.

St. Louis, Mo., Feb. 6.—Too poor to pay railroad fare, Olaf Olsen Bertwell, sixty-one years of age, a clothing cutter, living in Chicago, is walking from his home to Fort Sam Houston, Tex., to bid farewell to his favorite son, Martin Bertwell, bugler of the First regiment, who on Feb. 28 will depart from that port for the Philippine Islands.

The aged pedestrian, armed with a stout stick and carrying a satchel of clothing and provisions and a compass, arrived in St. Louis Monday night. He rested here with a family whom he has known for several years, and resumed his journey with almost 1,000 miles to be traveled.

To Inspect National Guard.

Atlanta, Feb. 6.—Adjutant General A. J. Scott Tuesday made public the date set for the inspection of the national guard of Georgia. These inspections will be conducted on behalf of the state by General W. G. O'Neal, acting as inspector general, and for the United States war department by an officer yet to be designated by the department of the Gulf. They will begin with the Fifth infantry regiment on Feb. 24 in Atlanta, and conclude with the Columbus company on April 24.

To Spend \$25,000 on Race Track.

Salt Lake City, Utah, Feb. 6.—The Tribune says that an organization has been formed, backed by some of the wealthiest of the latter mountain men, to build a mile race track close to this city and provide the intermountain region with racing this summer. It is the intention to expend \$25,000 within the next five months in building a track and erecting a grand stand, stables and other necessary buildings.

COUNTESS WINS SUIT

Sister of Harry Thaw Granted Divorce Proceedings.

PRACTICALLY UNDEFENDED

She Was Formerly Miss Alice Thaw, of Pittsburgh, and Married the Earl of Yarmouth a Few Years Ago—Case Hearing Lasted Only Half Hour.

London, Feb. 6.—Sir Birrell Barnes, president of the divorce court, has granted the Countess of Yarmouth, who was Miss Alice Thaw, of Pittsburgh, a decree nullifying her marriage to the Earl of Yarmouth.

The case was heard in private.

At the time fixed for the commencement of the proceedings every one not actually engaged on the case was excluded from the court room.

The case was practically undefended and the hearing lasted for only half an hour.

The countess, attired in a fashionable black gown, was present, but the Earl of Yarmouth was not in court.

COUNTESS OF YARMOUTH.

The papers in the case are being kept secret and all information regarding the nature of the charges has been carefully withheld.

The statement was made, however, that the character of the medical evidence to be given made a public hearing inadvisable.

It has been well known for two years past that the domestic affairs of the Yarmouths were unhappy. The earl's companions and his manner of living, it was said, were such that he could not give his wife the peace in society which she had a right to expect. She supplied large sums of money to defray her husband's extravagances, and her friends say that she has conducted herself with dignity throughout the troubles resulting from this unhappy union and the difficulties of her brother, Harry K. Thaw.

The fact that the countess had decided definitely to seek an annulment of her marriage was made known here January 1, when she applied to the divorce court for a decree.

Sweeping Reforms Urged.

Jackson, Miss., Feb. 6.—Governor Noel has sent a message to both houses of the legislature recommending that additional restrictions be placed on the ownership and sale of deadly weapons; that laws be enacted to prohibit speculation in futures and to close bucket shops; that saloons be voted out of existence at the earliest possible moment, and an amendment for constitutional prohibition be submitted to the people.

Bibbs in the Race.

Montgomery, Ala., Feb. 6.—Judge John A. Bibbs, of Gadsden, is a candidate for justice of the supreme court, and will make formal announcement of this in a few days. Judge Bibbs ran at the last election and made a fine showing.

BACON AND CLAY PROTEST.

As to Departments Spending Money, Not Appropriated.

Washington, Feb. 6.—When the sections of the urgent deficiency appropriation bill relating to executive departments was reached in the senate Tuesday, Mr. Bacon of Georgia inquired concerning the operation of the law prohibiting executive departments from incurring liabilities for which appropriation is not made.

Mr. Hale explained that the law of 1906 had made such a prohibition, but he added there is an exception in favor of the war department and navy department. This exception he hoped would also be done away with.

Senator Clay of Georgia condemned the appropriation of between \$1,000,000 and \$5,000,000 for the navy department in this bill for purposes not provided for by law.

Mr. Hale declared that there always had been deficiencies, and that there always will be. He regarded them as inevitable.

Mr. Clay persisted in his opposition, and said that he would not be surprised to see the appropriations for the navy reach \$175,000,000 annually, according to the rate of increase going on now. He also predicted that within ten years the expenses of the post-office department would be increased to \$225,000,000 a year. All of the deficiency appropriations complained of in connection with unauthorized expenditures were retained in the bill.

REPORT IS DENIED.

No Attempt Made Upon Life of Portuguese War Minister.

Lisbon, Feb. 6.—There is no truth in the rumors current in Berlin Tuesday that an attempt has been made upon the life of the minister of war in the first cabinet announced, Jose Mathias Nunes.

The new cabinet, at its initial session, decided to order elections and to convene parliament at the earliest possible moment. Franco has officially announced his retirement from politics, but his followers will attempt to continue the party he organized.

Mrs. Booth to Inspect Prisons.

New Orleans, Feb. 6.—Mrs. Maud Ballington Booth, the prison reform worker, will make during the latter part of February, a tour of inspection which will include practically all of the large prisons in Louisiana. Mrs. Booth, who will come to Louisiana as the guest of the Prison Reform association, will inspect the state convict farm at Angola, La., the state penitentiary at Baton Rouge, and will bring her visit to a close with a public address in New Orleans on February 24.

150 Miners Go On a Strike.

Tracy City, Tenn., Feb. 6.—One hundred and fifty miners employed by the Tennessee Consolidated Coal company at Tracy City, went out on a strike Tuesday morning. Friday the company discharged eight or ten men who had been attempting to organize a union, and this was the cause of the strike after the company had refused to reinstate the discharged men.

Jury Returned Sealed Verdict.

Rome, Ga., Feb. 6.—The jury in the case of Jack Strange, accused of the murder of Blake Peterson, returned a sealed verdict Tuesday night, after six hours' deliberation. It is understood that Strange was convicted of manslaughter. The Mitchell case was taken up Wednesday morning.

Fire Caused \$75,000 Loss.

Glacébay, Feb. 6.—The Dominion Coal company's store at Dominion was burned to the ground Tuesday and the stock entirely consumed, causing a loss of \$75,000. The fire was apparently of incendiary origin.

Frisco Free of Plague.

San Francisco, Cal., Feb. 6.—With the discharge Tuesday of the last patient under treatment at the isolation hospital, San Francisco was officially declared to be free of bubonic plague.

10,000 Men Laid Off.

Philadelphia, Pa., Feb. 6.—Ten thousand men have been laid off since December by the Baldwin Locomotive works of this city because of a lack of orders for engines.

TUNNEL OPENS FEB. 25

Under Hudson River, Connecting New York and New Jersey.

A GREAT ENGINEERING FEAT

President Roosevelt Will Touch Button at White House Marking Formal Opening—Many Governors and Distinguished Men To Be Present.

New York, Feb. 6.—The tunnel under the Hudson River connecting New York and New Jersey will be opened to the public on Feb. 25. President Roosevelt will touch a button on his desk in the executive offices in the White House at Washington which will mark the formal opening of the tunnel, trains, on which will be the governors of the states and various other distinguished guests, being started on the signal which the president will give.

The opening of the tunnel will be made the occasion for a celebration and both Governor Hughes, of New York, and Governor Fort, of New Jersey, have promised to speak.

President Roosevelt will send a letter which will be read at the exercises following the passage of the first trains through the tube. Trains will be started from the two ends of the tubes simultaneously and will be stopped on the exact boundary lines between the two states, where the two governors will meet and shake hands, each one standing in his own state, 100 feet below the surface of the Hudson river.

FULTON JAIL DELIVERY.

Sheriff Neime Thinks Trustees Aided Escape of Prisoners.

Atlanta, Feb. 6.—After investigating the recent delivery the sheriff has concluded that two trustees, Groves and Williams, undoubtedly freed Barton and Harper, unlocking their cells and helping them to saw the bars on the window. Both of them declare that they were allowed to remain out of their cells after 6 o'clock Sunday night and also that Night Jailor Brown went to sleep leaving them to register every hour for him. Dr. Neime believes that Brown sent the keys to the office by one of the men, and that he did not leave them in their accustomed places, but instead pocketed them and released Harper and Barton later.

Both the sheriff and the governor have offered a reward of \$250 each for the apprehension and arrest of the escapes.

NEW COLD WEATHER RECORD.

Mercury Dropped to 45 Below Zero at Ballston, N. Y.

Ballston, N. Y., Feb. 6.—A new cold weather record for this section of the state was made Wednesday when the mercury dropped to 45 degrees below zero.

The continued period of cold has caused great suffering among the poor.

Coldest in Five Years.

Philadelphia, Feb. 6.—The weather bureau thermometer registered 5 degrees above zero at 7:30 a. m. Wednesday, the coldest weather in five years.

Fines for Delayed Mails.

Washington, D. C., Feb. 6.—Senator Clay proposes when the postoffice appropriation bill comes to the senate to so amend the measure that the postal department will be forced to fine delayed mail trains an amount equal to the compensation they will receive for the trip. Less vigorous measures having failed to secure an improvement, this radical step will be taken by the Georgia senator.

Miss Harriman at Hospital.

Baltimore, Md., Feb. 6.—Miss Cecelia Harriman, daughter of E. H. Harriman, is a patient at Johns Hopkins hospital. Miss Harriman has been for two years a student at St. Timothy's school at Castonville and recently contracted a cold which settled in one of her ears. Her condition is not serious. Mrs. Harriman is here from New York with her daughter.

LYNCHING OCCURS AT NEWBERRY

Jack Long Hanged There Early
Thursday Morning.

SUSPICIONED OF KILLING SAPP

Had Been Arrested and Was Taken
from Jail and Hanged to a Tree—He
Was a Brother of the Man Young
Sapp Killed Sometime Ago.

The brutal and uncalled-for assassination of Elias Sapp, a well-known and prominent farmer of the Jonesville section who was shot down in cold blood on the outskirts of Newberry a few nights ago, has been avenged, as far as suspicion is concerned, and Jack Long, a white man of the Newberry district, has paid the penalty with his life.

The victim met his death at the hands of a mob numbering nearly two hundred people about 1 o'clock Thursday morning. He was hanged to a limb near the scene of the murder of a few nights before.

Ever since the murder of Elias Sapp, people of the Newberry and Jonesville districts have been quietly at work weaving a web. They had little to say regarding the tragedy, however, but kept steadily on in their investigation, which resulted in the arrest Wednesday of Jack Long, who was suspicioned of the murder.

Long was taken to Newberry and placed in the town jail, and as soon as the news spread the people of the town and surrounding country evidently became very indignant. The officers, apprehending trouble, placed three guards around the jail, but shortly after midnight a mob closed down upon them, taking them captives.

It was an orderly mob, but determined. While the guards were held captives at the mercy of those about them, men broke the lock and opened the door to the little prison-house. Trembling with fear the condemned victim crouched in a corner, as he realized that his time for death had come, and that it was useless to resist.

Quietly and orderly the "committee" lead Long from the jail, placed a rope about his neck, and, heading the procession, started on the death march. Those having the guards in charge placed them in the prison, secured the door, and fell in the rear.

This must have been a march of suspense for the man who was at the mercy of those about him, and who realized that the end was only a few moments off. He must have walked with steady nerve, however, as the half-mile point at which it had been planned to take his life was reached in reasonable time. The man's thoughts must have been only thoughts of misery, however, for it was a critical moment.

Arriving upon the scene, under a spreading oak, the rope was thrown over a convenient limb, when Long was swung into eternity—and the death of Elias Sapp was avenged, as far as that gathering was concerned.

Having been notified early in the morning, Coroner Henderson empaneled a jury and visited the scene, where they found the body suspended. The jury, after viewing the remains, returned a verdict that the deceased, Jack Long, came to his death at the hands of parties unknown.

At last reports everything was quieted down to the usual conditions at Newberry, and no further trouble is anticipated.

Jack Long was a brother of the man whom young Sapp assassinated some months ago, the murderer making his escape, and he was under suspicion of having killed the father of the man who had killed his (Long's) brother. Long was also a brother-in-law of Sapp.

Marriage at Wilcox.

Wilcox, Feb. 6.—Our town was enlivened by a wedding on the 3rd inst., the contracting parties being Percy L. Lane and Miss Cora L. Wilder, late of Bradford county, Rev. W. J. Martin officiating.

The happy couple left Tuesday morning for Palatka, where they will make their future home.

The Wilcox Turpentine Company had the misfortune to lose a good negro hand Monday. The unfortunate man was caught in the belt which drives the "hog," one arm, one leg and his neck being instantly broken.

WHAT IS POWER

Nature supplies force. Wind turns the wind-mill. The brook turns the water-wheel. Coal runs the engine and food runs the man. Some things contain little force, some things much.

One substance full of power is

SCOTT'S EMULSION

Nature put the power there. It is a wonderful flesh-producer. This is not only a matter of nourishment but of new vigor and activity in the tissues.

All Druggists; 50c. and \$1.00.

WILL GO TO WASHINGTON.

County School Board Generously
Makes a Good Appropriation.

A letter to the various county school superintendents of the State, from the office of State Superintendent Holloway, bears the information that no meeting of the county superintendents would be held this year, but that the superintendents' convention would be combined with the annual convention of the National Educational Association, which will be held in Washington for three days, beginning February 25.

State Superintendent Holloway further suggested that, inasmuch as this meeting was destined to prove of great value to the educational interests of the State, the various school boards of the State appropriate from the school funds the sum of \$50 towards the expense of their superintendent in attending the convention.

This letter was read before the school board at its meeting Tuesday, and without hesitation the sum was unanimously appropriated to partially defray the expenses of Superintendent Kelley on this trip, which the board readily realized would prove a most beneficial appropriation.

Superintendent Kelley, who is already regarded as one of the most faithful and efficient advocates of education in the State, will no doubt be impressed with many new methods at this convention, and the schools of the county will get the benefit.

Dairy Changes Hands.

The Pine Grove Dairy, which has been operated so successfully for the past nine years by Mrs. A. C. Andrews, has been purchased by the Gainesville Stock Farm Company, composed of W. D. Cromartie, D. S. Cromartie of North Carolina, and A. L. Vidal of this city. While the main feature of the business will be the breeding and raising of thoroughbred Jersey cattle, Berkshire hogs and fancy chickens, the new firm will make a specialty of dairying and dairy products, such as milk, cream and butter. They will move in a few days to their new pasture east of the city, where the necessary pasturage is abundant, and where they are building a commodious barn.

They now have between forty and fifty fine cows, and expect to add twenty more to their herd as soon as they can be secured.

The dairy and stock farm will be in charge of D. S. Cromartie, an experienced dairyman, butter and cheese maker, while Mr. Vidal will be in charge of the city end of the business.

This Was Some Cabbage.

Spivey & Peeler, who conduct a garden in South Gainesville, brought to The Sun office Wednesday a cabbage of their own growing which tipped the beam at eight and a half pounds, and measured eighteen inches in diameter. We have seen some cabbages, but this is the limit.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

For the best printed stationery call at The Sun office.

ARBOR DAY EXERCISES.

Splendid Program Has been Arranged
for the Public School.

Arbor day will be observed in a most appropriate manner at the Gainesville Graded and High School this afternoon, Prof. W. S. Cawthon, the principal, presiding. The exercises will be held in the auditorium of the elegant public school building, and the following interesting program will be rendered:

Song, "Arbor Day"—High School Chorus.

Recitation, "The Tree"—Julia Patton.

Recitation, "An Arbor Day Tree"—Sophia Burkhim.

Reading of State Superintendent's letter—Sam Mixson.

Recitation, "The Uses of Trees"—Mary McKinstry.

Recitation, "Plant a Tree"—Douglass Pedrick, Leon Rivers, Ruth McDonald, Josie Johnson, Edith Naffziger.

Short Papers on Histories—Earl Kelley, "The Apple Tree of Appomattox; Lucia Patton, "The Charter Oak at Hartford; Katie White, "The Cedars of Mount Lebanon; Thos. F. McBeath, Jr., "The Big Trees of California."

Recitation, "The Pine Tree"—Mosselle Burkhim, Mabel Lamons.

Song, "An Arbor Day Tree"—High School Chorus.

The exercises will begin at 1:45 p. m., and a cordial invitation is extended to the public, especially the patrons of the school.

THE HUMAN STOMACH.

Many and Grievous Abused to Which
It is Subjected.

Many and grievous are the abuses to which the average person subjects the stomach. The wonder is, not that so many, but that so few stomachs smarting under provocation do not strike.

When the long-abused stomach does turn, life is made miserable by sick headaches, nervousness, distress after eating, sleeplessness, coated tongue, specks before the eyes, general debility and the many other symptoms of indigestion.

Then the weakened muscles of the stomach need strengthening with Mion. The use of this simple remedy for a few days strengthens the whole digestive system so that it can take care of all the food that is eaten without pain or distress. J. W. McCollum & Co. sell Mion in 50-cent boxes under a guarantee to refund the money unless it does all that is claimed for it.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults.—J. W. McCollum & Co.

THE NEWS FROM TRENTON.

Trenton, Feb. 6.—The pillau and social at C. C. Duke's was a happening long to be remembered. His amiable daughter, Miss Belle, placed each guest in position that made them enjoy the occasion of the hour.

L. M. Curry took from the person of Louis Pearson, colored, a Smith and Wesson pistol, and Judge Drummond fined him the sum of one hundred dollars and costs. After conversing with some friends he promptly paid the required amount.

Dr. H. M. Owens sold his grocery store to A. W. Smith. The Doctor has a two-story building under construction. When completed he will again be in the mercantile business.

Miss Chasteen Sanders of Jennings Lake is visiting friends here this week guest of her uncle, O. N. Sanders, and the Misses Browning.

The railroad superintendent and his corps are here looking after the interest of the railroad beyond the Suwannee river. Capt. W. E. Bell is associated with them and it is useless to say the prospecting will be profitable, as well as pleasant.

Mr. Robertson, Dutton & Co.'s representative, purchased today forty-six bales of cotton, prices arranging from 20 to 23 cents.

WEAK FROM SUFFERING UNABLE TO PERFORM WORK

Discouraged After Spending Money Without
Benefit—Found Help at Last.

Mr. Earl McCoy, living at 1506 So. Branson Street, Marion, Ind., has passed through an experience that is being duplicated every day in every town and city of any consequence in the United States. It furnishes abundant proof of the correctness of L. T. Cooper's theory in regard to the degeneracy of the human stomach, and shows conclusively the merit possessed by his New Discovery medicine to restore the weakened system to full strength and vigor.

Mr. McCoy says: "For a long time I have been a sufferer from stomach trouble. I was unable to retain any food, and became so weak and run down that I was compelled to stop work. My system was nearly a wreck, and I had tried so many remedies and spent so much money without deriving any benefit, that I became dis-

couraged and gave up hope of ever being well again.

"I heard a great deal of Mr. Cooper's theory and medicine, and after much hesitation decided to try it. The result was a pleasant surprise. Before I had taken half of the first bottle I was able to retain all food eaten, and my strength began to return. I have taken six or seven bottles, and am feeling fine. I eat and sleep well, do not cough at night, and am able to perform a hard day's work. I can cheerfully recommend Cooper's New Discovery, for it has done wonders for me."

The Cooper remedies are meeting with remarkable success wherever they are introduced. They are without a rival in toning up a weakened and run-down system. We sell them.

THE SECOND DAY OF FARMERS' INSTITUTE

Sessions Were Well Attended by
Those Most Deeply Interested.

MANY GOOD TALKS WERE MADE

The Farmers and Stockmen Learned
a Great Deal Which Will Prove of
Advantage to Them in Future—Gov-
ernor Broward Could Not Be Here.

The first lecture before the farmers' institute Thursday morning was by Dr. P. Guerrant of Ocala on "The Tick Fever and Its Eradication." Dr. Guerrant has spent four years in studying this and other disease problems to stock raisers in Florida.

Only twenty-five per cent of the cattle of the United States are in the South, fifty per cent of those that die of disease are lost in this section, the large percentage of loss here being due to tick fever. Dr. Guerrant gave a short history of the disease, the life cycle of the tick, how the fever is produced, symptoms and remedies. He told how susceptible fine bred stock brought from above the quarantine line are to the disease, and attributes many unsuccessful attempts to breed up herds by imported bulls to their becoming diseased and impotent from this cause. He advocated inoculating calves early, either directly by the ticks or by the hypodermic injection. Dr. Guerrant is getting out a publication on this important subject which will soon be ready for distribution.

S. H. Galtskill of McIntosh, who is one of the most successful stock raisers in Florida, next addressed the meeting. He said it cannot be correctly said that there were any cattle raised in Florida, but that here, like Topsy, "they just grew." Some efforts have been made and are being made to improve the stock, but not in a thorough and systematic manner. He referred to N. A. Callison as one who is just now doing more toward raising good cattle than any other man whom he knows in the State. He believes there is a future for the growing of good cattle in the State. Those who know Mr. Galtskill best believe there is no man in Florida who is working harder to bring the industry forward than he, both by raising fine cattle himself and by using his will and influence to get others to breed up, properly bred and care for their stock.

The most interesting address was that of Col. W. A. Harris of Kansas on "Cattle Raising." He has grown up in the cattle business, and told of the conditions in pioneer days in Missouri and Kansas, and believed that Florida was now passing through somewhat similar conditions, but as settlers become more numerous, competition sharper, and the advantages of

Lard Eaters Should Stop and Think!

There must be something in all this Pure Food Talk. We hear the term "Pure Food" on every hand—Pure Food Shows, Pure Food Laws and Pure Food agitation of all kinds. It simply means that people are awakening to the fact that they cannot be too careful about the purity of their food and the ingredients which enter into its making.

One of the most fruitful sources of indigestion in the past has been the use of lard. Nine times out of ten, the lard which you buy is not fit for any human stomach. Its source is suggestive of uncleanness and unhealthfulness. It makes greasy, indigestible food, and food which is bound eventually to interfere with digestion.

Cottolene is Guaranteed

We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk

COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

Cook Book Free

We shall be glad to send any housewife, for a two-cent stamp, our new "PURE FOOD COOK BOOK," edited and compiled by Mrs. Mary J. Lincoln, author of the famous "Boston Cook Book." Address—

THE N. K. FAIRBANK COMPANY, CHICAGO

Nature's Gift from the Sunny South

raising good stock the Floridian will do what the Westerner has done—breed up his stock. Blood in cattle and brains in caring for them will make a great difference. He emphasized good blood and good care. Col. Harris believes in Shorthorns, and brought out clearly their strong points and general popularity. In answer to a question, he brought out the importance of developing the right kind of cattle for the purpose at which you are aiming. Beef type for beef, a dairy type for milk and butter. Crossing these is unsatisfactory.

Judge B. H. Palmer of Lake City being absent, Prof. F. G. Schell, secretary of the Cotton Growers' Association, in a brief address set forth the aims and purposes of the organization. He made some striking comparisons of the price of raw cotton and what it sold for as thread and lace, and said they believed by storing in warehouses, letting the spinners have it as needed, and producing a good staple the price can be advanced.

The barbecue given by the people of Gainesville was much enjoyed. The skill of Messrs. Shannon and Robinson was shown in the splendidly prepared meats. There was enough and some to spare, and everyone present enjoyed it thoroughly.

C. R. Thomas, secretary of the Hereford Association, gave an excellent and clean-cut lecture on the Hereford breed. The hardness of the breeds and the ability to rustle for feed was about to be a leading characteristic. The legs are flesh all over. Another valuable quality of the Hereford breed is that the pure-bred bulls transmit their good qualities to the grades and always leave the characteristic color of the breed on the grade offspring.

Mr. Thomas showed in his splendid lecture that all the Florida breeders need to do is to make a start. It costs no more to raise good cattle than the scrub cattle.

W. R. Goodwin, of the Breeders' Gazette, Chicago, gave many helpful suggestions in his address. He told of the "Fundamental Economic Absurdity" which is now going on of shipping steers 1,600 miles from Colorado to Chicago, fattening them on cotton seed cake that has been shipped 1,600 miles from the South, and then shipped the beef produced 1,600 miles to New York to be sold. He thinks the day is coming when they will be raised, fattened and eaten in the same locality, and the great transportation charges saved. He said prime beef cannot be made from range stock. He, too, urged the im-

portance of improving breeds, knows it can be done in Florida from what he has seen. He commended the work of the Experiment Station in showing how improvements may be made.

Dr. C. A. Cary, superintendent of Farmers' Institutes of Alabama, by charts showed the good points in a beef steer, where the desirable cuts were, the value of developing animals in proper directions. He brought out the idea that it is the muscle that counts in beef, told the effects of fattening, and how much bone and cheap meat there is in the scrub. He considers the cattle tick the great incubus to cattle raising in the South, and the only hope, its eradication.

The afternoon session closed with an exhibition of cattle from the Spring Park Farm and the Experiment Station farm. Dr. Cary showing their good points to the audience.

Governor Broward failed to reach Gainesville in time to address the meeting on Thursday evening. In his absence Prof. A. W. Blair, chemist of the Experimental Station, gave an address on soils. He gave a brief sketch of the origin of soils, particularly Florida soil, and showed that owing to its peculiar mode of formation the soil here is poor in bases. Agencies are at work producing acids, and these not having sufficient basic material to neutralize them render the soil acid. Acid soils are not fertile. The neutralizing acidity of the soil is then an important problem, and conditions may be overcome by the use of lime in some of its forms. Wood ashes are good but expensive.

Owing to the inability of some of the speakers to reach Gainesville, it was decided to close the meeting Thursday night. The meeting was a great success, however, and is destined to prove of profit and advantage to all who attended it.

THE INSTALMENT PLAN

Some have criticised the instalment business as a menace to our people. Such indeed it may become when families are loaded up with diamonds, books and other articles of more or less luxurious nature, when the weekly or monthly payments become a burden and finally the family sense of honor is crushed beneath the load. But the good the instalment business does far outweighs the bad. It is a pleasant contemplation for us to think of the thousands of homes we have had a hand in the establishing. It is pleasant to think that in these cases we have worked hand in hand with Cupid, and that but for the instalment business as we have conducted it, many a man would have continued to live in a hall-bedroom, and many a pretty maid to have wasted the beauty of her youth in waiting—waiting for the man of her choice to make his fortune.

Gainesville Furniture Co.

DR. GEO. S. WALDO'S GAINESVILLE DENTAL OFFICE

GRAHAM BUILDING

Errors in freight shipments delays opening of office for several days. Notice of opening will appear in The Sun.

Dr. Waldo offers to the citizens of Gainesville and vicinity Strictly High-Grade Dental Work at prices far below the usual cost. Only the very best materials used, and although charges will be from twenty-five to fifty per cent less than other responsible dentists charge, there will be not the slightest deviation from the Highest Standard of Work. He also offers PAINLESS operations.

TEETH EXTRACTED ABSOLUTELY WITHOUT PAIN

"It is not necessary to make a patient endure tortures of the Middle Ages when in the dental chair. Even the dental nerve may be removed from a tooth at one sitting without causing the slightest tinge of pain."

Dr. Waldo's Charges: Gold Crowns (22k) \$5.00 to \$10.00; Porcelain Crowns 8.00 to 10.00; Bridge Work (per tooth) 8.00 to 10.00; Plate Work 10.00 to 25.00; Gold Fillings 3.00 up; Amalgam and Cement Fillings 1.00 up.

NOTE—If friends tell you that the best class of dental work cannot be given you at these prices, call at my office and let me convince you.

THE DAILY SUN

Entered at the Post Office at Gainesville, Fla., as second-class mail matter.

H. H. McCREARY, Editor and Publisher.
JESSE E. HURTZ, City Editor.
F. M. PREWITT, Supt. Composing Rooms.

OFFICE: PORTER BLOCK,
507 W. Main Street, S. TELEPHONE 43-2

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 a. x. months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.
Rate for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

It required a lot of inoculating before Governor Hughes' boom "took."

A price-reduction in a store has an advertising value only to the extent that it is advertised.

It begins to look as though the Windward Passage correspondent had picked up a job in Lisbon.

There is imminent danger of Cold MacLean being ransomed and having to go back to work for a living.

There seems no surer way of transforming a friend into a mere acquaintance than by lending him money.

"Miss Vanderbilt's Count" is merely a thin subterfuge for the writers who cannot remember how to spell his name.

Anthony Comstock's appearance in the Thaw case was just about as disappointing as most of his previous appearances.

Grover Cleveland seems to be remarkably lonely in his anxiety to have something done for the benefit of ex-Presidents.

It remains for some mean person to suggest that Secretary Taft would make an excellent running mate on the Hughes ticket.

Leslie M. Shaw announces that he is still in the Presidential race, a thing that seems to have escaped the memory of almost everyone except Leslie M. Shaw.

It is hard to say whether the desire to keep Mr. Bryan out of the nomination comes more from his friends who do not want to see him defeated, or from his enemies who do.

Tom Lawson says he has given up the predicting business. Like a good many other gamblers, he has concluded that it is a better proposition to keep bank and let the other fellow do the guessing.

President Roosevelt held a conference at the White House with railroad men a few days since about amending the railroad rate law in their interests. The panic seems to have taken the starch out of Teddy.

Former Ambassador Choate demands insistently to know who are the "malefactors of great wealth." Without going too much into particulars, it may be said that they are the ones with wealth enough to keep out of jail.

One man will think he is paying you too much for your property when the amount is three-fourths of the sum another man would pay you—and consider that he'd found a bargain. You may find the first man without advertising—but not often the second one.

There was, once upon a time, a store that spent too much money in newspaper advertising—to suit the people who had freak advertising schemes to sell. Nowadays, most stores earn the disapproval of these gentry. Else they would soon cease to be "stores." They would be "store-buildings to let."

Labor lost a long-drawn-out fight in a decision of the supreme court last week. It was a case that dates clear back to the Chicago railroad troubles of 1898. The case was that of William Adair, master mechanic of the Louisville and Nashville road, who had threatened to discharge an engineer because he belonged to a labor union. This was in contravention of the Erdman act that prohibited railroads engaged in interstate commerce from discharging employees because they belonged to labor unions. The supreme court holds that the law is unconstitutional. Justice Harlan delivered the opinion and said that so long as there was no contract and no time limit set to the employment of the man, Congress had no more right to pass a law preventing his discharge than it had to pass a law preventing him from quitting his employment. It was a rule the court said that would have to work both ways. If there is a contract between the employer and the employee, it must be respected by both of them. But when there is no contract, there is nothing to prevent the employee from quitting if he wishes, and similarly there is nothing to prevent the railroad from discharging him without giving any reason for the act. Justice Harlan said if the right of Congress to pass such a law were allowed there would be nothing to prevent Congress passing a law making it a crime for the railroads to employ any but union men, and this would be absurd on the face of it. Justice McKenna and Justice Holmes dissented from this opinion, Justice McKenna saying that the decision of the court was along very narrow lines. Justice Holmes said that the right to make contracts had been stretched to the limit by the decision and intimated that Congress had the right to legislate so as to encourage the formation of labor unions.

A meeting of the Second Congressional District Democratic Executive Committee, has been called to meet in Jacksonville on February 11 at 3 o'clock p. m., at the Aragon Hotel, for the purpose of calling a primary for the nomination of a Democratic candidate for Congress from this district, and for the transaction of any other business which may come before the meeting. The district is composed of seventeen counties, with Hon. Pleasant A. Holt of Duval chairman and Jesse E. Burts of Alachua secretary. The meeting will be held on the same date as the meeting of the State committee.

Former Senator Chandler has advised the negroes to join in sending un instructed delegations to the Republican National Convention that cannot be manipulated by the administration. When Chandler helped to count out Tilden by manipulating the darkies of thirty-two years ago he showed himself an adept at the business, and the modern negroes may follow his advice, if there is "anything in it."

The National Bank of North America has gone into the hands of a receiver, which would indicate that they are still treading on dangerous financial ground in New York. The boasted Republican prosperity seems to be skittish these days.

Congressman Tawney, chairman of the committee on appropriations, warns his colleagues they must face a deficit of \$118,000,000 in the revenues of the Government. Where! oh where! is Republican prosperity gone?

It is said the Aldrich currency bill will pass the Senate with but little amendment, and in the House, if necessary, debate will be cut off by a special rule.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 15c. per bottle.

Take Hall's Family Pills for constipation.

JONESVILLE JOTTINGS.

Jonesville, Feb. 5.—Mrs. S. E. Sheffield of Judson is visiting at the home of her brother, R. P. Miller.

H. A. Pickett, T. R. Pickett and son, W. L. Pickett, made a business visit to Gainesville Monday.

J. M. Pickett, formerly of Cedar Key but now of Colon, Mich., is here visiting relatives. Mr. Pickett likes Colon all right in summer, but had rather be in Florida in the winter.

Our school closed last Friday. We had a picnic and those who were present enjoyed themselves to the utmost. Prof. A. J. Johnson was our teacher and both patrons and pupils hated very much to see him leave.

Friday night there was a "basket supper" at the home of Mrs. Hamilton for the benefit of Jonesville church. The weather was bad and only a few were present, but quite a nice sum was realized.

Zim Thomas of Bell made a business (?) trip here Sunday.

Negro Attacked Farmer.

Hartwell, Ga., Feb. 5.—John Goss, a negro, has been lodged in Hart county jail charged with assault and intent to kill Moses D. Smith, one of Hart county's most prosperous farmers. Goss attacked Mr. Smith, inflicting several wounds on his forehead and hands. The negro ran off, but Sheriff Kidd immediately started after him, catching up with him at the river ferry. The negro will be tried at the March term of Hart superior court.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '98, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

J. S. Bodford & Co., Special Agents.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Irrell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

SHORT STATE ITEMS

Palatka is paving Lemon street with vitrified brick.

The Atlantic & Northern railway shops will be located at Apalachicola, the citizens of that city having donated the site.

While out hunting Melvin Simpson, a twelve-year-old lad of Pensacola, was accidentally shot in the leg. Physicians have been unable to locate the bullet and it is feared the wound will prove a serious one.

Milo M. Andrews of Big Bayou has a cotton crop in full blossom and in some instances half-open bolls. These blossoms are perfectly developed. He reports that the recent cold did not injure anything at his place.

E. P. Powell of Sorrento has on exhibition a sweet potato weighing eighteen pounds. He grew this in a compost mainly of wire grass. Instead of burning over his property he mows the coarser grasses and uses them to create humus.

Live Oak was again visited by a serious conflagration, the most destructive that has occurred for several years. Sunday morning fire broke out in the store of E. S. Ingram. Four stacks of goods were destroyed besides the brick buildings in which they were located.

Chilney was visited by a disastrous fire last Tuesday, when Peel Brothers' general store with its stock of merchandise, was totally destroyed at a loss estimated at \$4,000. The fact that there was a good water pressure saved the business section of the town from being completely wiped out.

The Cummings sawmill at Rodman, near Palatka, was destroyed by fire Saturday night, entailing a loss of \$30,000. The news was received in Palatka with sincere regret, as the burning out of commission, even temporarily, of an industry of this kind means a great deal to Putnam county.

Charles McDuffie, the young white man who not only robbed but assaulted a negro navy yard workman near Palatka, has been found guilty of highway robbery and sentenced to twenty years in the State convict prison. He received the severest penalty ever imposed upon a person in the court for this crime.

The establishment of the Methodist Agricultural and Industrial School at May Minette has been finally decided on, and work will be begun within the near future. Mr. H. D. Brown has given the school an eighty-acre tract for a location out on the Lake Springs road, and the site is an admirable one. Beside this, Mr. Brown will give \$1,250 in cash.

ARCHER NEWS.

Archer, Feb. 6.—Jim Duren of Largo had accepted a position as clerk for John Tuten and began work the first of February.

Rev. and Mrs. H. H. Newman of Nashville, Tenn., are visiting friends here this week. Rev. Newman was pastor of the Presbyterian church here six years ago, and his friends and congregation enjoyed having him with them again. He preached twice Sunday.

Dr. and Mrs. M. H. DePass are rejoicing over the arrival of a little lady at their home on January 30th.

Mrs. Joel Tucker of Live Oak is visiting her parents, Mr. and Mrs. C. W. Bauknight.

Mrs. Fred Cubberly and daughter of Cedar Key are spending this week with Mrs. Jas. Hancock.

The Ladies' Aid Society gave an entertainment and supper last night at the Magnolia Hotel which was well attended and very much enjoyed. A neat sum was realized for the Manse.

The many friends of Dr. Waddell will be glad to know that his operation was a success and that the doctors hope soon to have him well again.

Mrs. C. W. Bauknight entertained friends on Tuesday with an elegant dining, those present being Mr. and Mrs. C. D. Wood, Mrs. M. Gibson, Rev. and Mrs. H. H. Newman and Mrs. Joel Tucker.

Mrs. Hughes and Miss Grace leave today for Tampa to attend the fair and visit relatives.

Mr. and Mrs. Jernigan of Gainesville, who have been to New Orleans

ITCHING ECZEMA
FIFTY-FIVE YEARS

Suffered Torments from Birth — Boils Formed as Big as Walnuts — In Frightful Condition and Could Hardly Work — Tried All Kinds of Remedies to No Avail — At Last

WHOLLY CURED IN 8 MONTHS BY CUTICURA

"I had an itching, tormenting eczema ever since I came into the world, and I am now a man fifty-five years old. I tried all kinds of medicines I heard of, but found no relief. I was truly in a frightful condition. At last my blood was so bad that I broke out all over with red and white boils, which kept growing until they were as big as walnuts, causing great pain and misery. I thought they would take the skin off my who's body, but I kept from scratching as well as I could. I was so run down that I could hardly do my work. Mr. Nelson R. Burnett recommended the use of Cuticura Remedies, telling me he was confident they would benefit me, in time, cure me. I used the Cuticura Soap, Ointment, Resolvent, and Pills for about eight months, and I can truthfully say I am cured. I cordially recommend Cuticura Remedies to all who are afflicted the same as I was, believing that, if they will use them according to directions, they will find them all they are represented to be. Any one doubting the truth of the above can write to Mr. Burnett, who will cheerfully vouch for my statements.

"Hale Bordwell, R. F. D. 3, Cedar Corners, Tipton, Ia., Aug. 17, 1907."

"I cheerfully endorse the above testimonial. It is the truth. I know Mr. Bordwell and know the condition he was in. He never tires of praising the Cuticura Remedies."

"Nelson R. Burnett, Tipton, Ia."

Gentle anointings with Cuticura, the great Skin Cure, preceded by warm baths with Cuticura Soap, followed in the severer forms, with mild doses of Cuticura Resolvent Pills, afford instant relief, permit rest and sleep, and point to a speedy cure of torturing, disfiguring, itching, burning, and scaly humors, eczema, rashes, and inflammations, from infancy to age.

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) or in the form of Chocolate Coated Pills, 25c. per trial of 60 to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. See Mailed Free Cuticura Book on Skin Diseases.

on their bridal trip, are expected here Saturday to visit Mr. H. Maddox. Mrs. Jernigan will be pleasantly remembered as Miss Nina Maddox, who has visited here several times.

La Grippe and Pneumonia.

Foley's Honey and Tar cures la grippe coughs and prevents pneumonia. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

Steeple-Jack Work.

What might be termed a steeple-Jack job in a way has just been completed in this city by George H. Sherman, who has completed painting the two immense smokestacks at the plant of the Diamond Ice Company. These stacks are 134 feet in height, respectively, and the painter attracted the attention of many pedestrians who happened to see him in passing.

Simple Remedy for La Grippe.

La-grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

HON. P. M. TRAMMELL

For ATTORNEY-GENERAL

To the Citizens of Florida:

I wish respectfully to announce that I will be a candidate before the coming Democratic primary, for nomination to the office of Attorney General of the State of Florida. In announcing for this important office, I wish to assure the citizens of our State that if it is my honor to serve them in this office, I shall discharge the duties appertaining thereto in accordance with the law, with impartiality, and without fear or favor.

Acknowledging a life-time debt of gratitude, I will say that through the kindness of the citizens of Polk county, I have served three seasons in the Florida Legislature. In my humble way I have constantly striven to foster and conserve the interest of all Florida. With high regard for all those entertaining contrary views, I have always exercised my vote and influence, as I conceived it, for the best interest of the whole people.

I lay no claim to superior and infallible judgment, and frankly admit that I have doubtless made some mistakes. However, they have been honestly made, and I believe despite my occasional blunders my record as a whole will be looked upon by the fair and unprejudiced as the record of one whose heart beats in sympathy with the interest of the great masses of our beloved State. My candidacy, supported by marked encouragement

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order,

C. L. KITE.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens.

Respectfully,
CHAS. PINKSON.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am,

Very truly,
BEN T. ARNOW.

THE TALLAHASSEE SUN IN GAINESVILLE

J. H. Reese, associate editor of The Sun, and A. K. Taylor, the artist and cartoonist, are in Gainesville today for the purpose of writing up the city Sun style for the next issue. Incidentally they will call upon the citizens for subscriptions. The one object, however, is not dependent on the other. The article concerning Gainesville will be written and will appear in The Sun whether any subscriptions are taken or not. During the coming campaign The Sun will give all the political news and will print it impartially and just as it is.

OUTLOOK IS BRIGHT.

Industrial Development in Georgia and Alabama.

Columbus, Ga., Feb. 6.—The Georgia and Alabama Industrial Index says in its regular issue for this week: Money talks; and it is in the clearest, commanding, substantial tones of that article in which the account of industrial and construction investments definitely projected in Georgia and Alabama during the past seven days is given. Comparison will show that that period witnessed even greater development than did the preceding week, and the outlook is exceptionally satisfactory.

It is announced that the United States Steel corporation will erect two more large furnaces and will make other improvements at its Bessemer, Ala., plant. This will represent a small part of extensive additional investments which the corporation will make in the Birmingham district.

At Jesup, Ga., a company has been organized with capital stock of \$500,000 to develop a waterpower, build and operate electric railway lines and construct a cotton oil mill and a cotton seed oil mill.

During the week fourteen new corporations were formed with total minimum capital stock of \$826,000.

TORCH AND LASH APPLIED.

Band of Night Riders Spread Terror in Dycusburg, Ky.

Salem, Ky., Feb. 6.—Two hundred masked night riders visited Dycusburg, Ky., early Tuesday and applied the torch to Bennett's tobacco warehouse and distillery. Both were completely destroyed. The loss is about \$40,000. The masked riders came from the direction of Kuttawa and Ed-dyville, in Lyon county.

The mob shot up the home of William Groves, foreman of the tobacco factory, driving him from the building, when he was captured and whipped almost to death.

Henry Bennett, a member of the firm of Bennett Bros., was taken from his home, tied to a tree and severely whipped. He was left bound to the tree. Bennett Bros. operate an independent factory and have been buying tobacco from non-association growers. It is claimed.

When the mob called at Groves' house they requested him to come out, and he declined. The shooting at once began. Mr. Groves was in a room with his wife and children, and as the bullets began to fly through the windows he deemed it best to come out in order to save the lives of his family.

A Baby

Should be sunshine in the house, and will be if you give it White's Cream Vermifuge, the best worm medicine offered to suffering humanity. This remedy is becoming the permanent fixture of all households. A mother with children can't get along without a bottle of White's Cream Vermifuge in the house. Sold by W. M. Johnson.

Ghost-Haunted, Killed Self.
Roanoke, Va., Feb. 6.—After brooding over the killing of a negro last Christmas until his mind was unbalanced, coupled with a dream a few nights ago in which he saw the negro he had killed, Chief of Police J. E. Warden, of Graham, Va., Tuesday blew out his brains with a revolver. Warden, who was a popular officer, on Christmas day shot and killed Alex Preston, negro, in the discharge of his duty.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PRODUCTS OF NATURE

Are the Most Nutritious, Delicious and Beneficial.

How quickly the human system rebels at Nature's products which Providence did not design as a food or medicine, yet how many of our most nourishing and delicious foods and fruits, as well as our most healing medicines, are enveloped in unwholesome coverings, and it is left for the ingenuity of man to prepare them for use.

For instance, the nourishing egg must be broken from its shell, the succulent oyster, or the crab, taken from its shell. Nuts, oranges and bananas are encased in most unwholesome shells or coverings. The roots and herbs of the field contain some of our most potent and healing medicaments which must be extracted for use. Just so, the cod's liver contains well-known curative elements, unexcelled in the treatment of pulmonary troubles.

For centuries people were obliged to swallow greasy cod liver oil and emulsions to get the benefit of these valuable curative elements. Physicians the world over recognized the uselessness of the oil, but how to separate the medicinal elements from the objectionable oil has been the question.

After years of experimenting, two eminent French chemists have, by a scientific, extractive and concentrating process, produced from fresh cod's livers all of the medicinal, healing and body-building elements of cod liver oil, omitting the oil entirely, and these combined with peptonate-of-iron make Vinol, which is more potent than any other known cod liver preparation. As a body-builder, and strength-creator and for all pulmonary troubles it has no equal. Try Vinol on our guarantee.—W. M. Johnson, Druggist, Gainesville, Florida.

FAVOR A CONVENTION.

Change Likely in Method of Selecting Delegates in Alabama.

Montgomery, Ala., Feb. 6.—The powers that be in the democratic party in the state have, within the last 24 hours, changed front on the question of primary or convention for the election of delegates, and now favor a convention. Up until Monday evening it was all primary, but at that time the word went out that after all it would be better to have an oldtime convention.

The impression is that the convention idea has grown out of the anti-Comer-Bryan men that if such a plan is adopted they will capture it and control the delegation. The dominant wing of the party is confident, however, that it can hold its own in any contest, and is willing to make a show of strength in any way the members of the committee may desire.

There seems at this time no reason to doubt that Governor Comer will be able to absolutely control the party organization, and that the full delegation will be out and out dyed in the wool Bryan men.

Fruit Growers Organize.

Americus, Ga., Feb. 6.—Representative fruit growers of Americus assembled Tuesday afternoon and perfected a strong organization for their mutual protection and benefit. A score of leading orchard men and melon growers attended. W. J. Josey was elected president; Elton C. Parker, treasurer, and W. P. Wallis, secretary. Six hundred thousand peach trees, all in full bearing, three hundred acres of cantaloupes and two hundred acres of watermelons were represented by owners attending the organization of fruit growers. All expressed a hope of excellent crops.

Woman Designs Airship.

New York, Feb. 6.—Miss E. Laura Todd is the latest New Yorker to design an airship. She has completed a model for a heavier-than-air flying machine which she says will comply with all the requirements of the signal corps of the army which recently advertised for bids for the building of such a machine. She estimates that her machine will easily carry two men at the rate of forty miles an hour.

Don't Put Off

Until tomorrow what you can do today. If you are suffering from a torpid liver, or constipation, don't wait until tomorrow to get help. Buy a bottle of Herbine and get that liver working right. Promptness about health saves many sick spells. Mrs. Ida Gresham, Point, Tex., writes: "I used Herbine in my family for six years, and find it does all it claims to do." Sold by W. M. Johnson.

SALE OF UNCLAIMED FREIGHT

Southern Express Co. Gainesville, Florida

Notice to All Whom It May Concern—Unless personally called for or otherwise disposed of, the Southern Express Company will sell to the highest bidder, for cash, at public auction, in the City of Gainesville, Florida, on February 15th, 1908, at 10 a. m., all the articles described in printed lists to be seen in Southern Express Company's office, court house and other places.

The Stylish Bracelet

One can never tell why this or that piece of jewelry springs into public favor, but we are inclined to believe the Bracelet has met with such universal favor on account of the many exquisite examples to select from and its general appropriateness and neatness in offsetting Milady's costume. We are rather proud of the line we are showing. On account of the time and care we used in making our selections we have now a showing the second to none. You will be pleased—or we will consider it our fault. Prices are most reasonable—\$5.00, \$6.75, etc.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

Phone orders for cream to 439—Pine Grove Dairy.

T. B. Ellis, Jr., spent yesterday in Newberry on business.

George C. Snowden and son of Hatchet Creek were trading in the city yesterday.

J. L. Medlin left yesterday for points in South Carolina, where he was called on business.

C. L. Thigpin and Vance Winters of Waldo were among those who spent yesterday in this city.

H. McL. Grady, progressive merchant of High Springs, was a business visitor to this city yesterday.

Rev. T. J. Nixon of the First Methodist church will preach at 7:30 to-night at North Gainesville hall.

Friends of Mrs. S. V. Duke will regret to learn that she is quite ill at her home on East Union street.

Mrs. L. E. Dean and daughter have gone to Live Oak, where she will spend a few days with relatives.

S. L. Turner, a well-known and successful farmer of Lake View, was a business visitor to Gainesville yesterday.

Capt. H. C. Cato returned to his home at High Springs yesterday, after a week spent here with his daughter, Mrs. B. T. Arnow.

Postmaster L. C. Lynch and Benjamin Rush, prominent Republicans, are attending the State Republican Convention in St. Augustine.

Clarence Scarborough has returned from Lawley and other points, where he has been on business connected with the Golden Rule Bottling Works.

L. J. Burklim left yesterday for Baltimore and other points, where he goes to purchase his spring stock of clothing and gents' furnishings. He expects to be absent about ten days.

ALUMINUM WARE

THE WARE
THAT WEARS
AND
WILL NOT
WEAR OUT.

Will last a life-time; light, durable and easy to keep clean. Heats in half the time required in other ware—does not burn easy. Will polish just the same as your silverware.

We carry a complete line of this ware—Copper Pots, Kettles, Milk Pans, Boilers, Dinner Pails, etc.

—FRESH DAILY—

Designs for Funerals and Decorative Purposes a Specialty.

27 W. Bay—(Till's)—Phone 3296
Jacksonville, Fla.

Telegraph and Mail Orders Secure Prompt Attention.

Robt. McClellan, Apt., Gainesville

Mrs. A. V. Sadler is visiting relatives in High Springs.

T. E. McDonnell of Rocky Point was trading in the city yesterday.

Pure Jersey cream—any quantity. Pine Grove Dairy; phone 439.

Say It Plainly—Blue Ribbon Vanilla, and you get the finest that money and experience can produce.

Clarence Wertheim has returned from an extended visit to the West, going as far as Colorado.

Messrs. J. H. Reese and A. K. Taylor of The Sun, Tallahassee, are in the city in the interest of that publication.

Mrs. Jesse E. Burts and little son, Master Jesse, have gone to Tampa, where they will attend the fair as guests of relatives.

Friends of Mrs. Arthur E. Voyle are glad to welcome her home again, after a pleasant visit to her parents, Mr. and Mrs. McDonald, DeLand.

John F. McNab of Laurensburg, S. C., who is largely interested in the naval stores interest in this section of the State, has returned to his home, after several days spent in business here.

Another carload of fine bananas just arrived, and will be sold cheap. All four places, Opera House block, 102 West Main street S., 104 West Main street N., and West Union street. George & Francisco.

M. M. May, Jr., of Wade, was in the city yesterday and made The Sun an agreeable call, renewing his subscription. He is a young man of pleasing personal address and one of the rising young farmers of his section.

Miss Lillie Schlemmer, a well-known and popular young lady of Cedar Key, was in the city for a short time Wednesday. She was en route home from Lake City, where she has been on a visit to relatives, Mr. and Mrs. Geo. O. Addicks.

The prayer meeting at the Methodist church on Wednesday night was well attended and the exercises were very interesting. "Korea, the Miracle of Modern Missions," was the subject discussed, and quite a number took part in the meeting.

Geo. W. Thames, Jr., a prominent young insurance man of Jacksonville, is in the city. Mr. Thames was married on the 27th ult. to Miss Mary Clark, a charming young lady of St. Augustine, and his numerous Gainesville friends are busy extending congratulations.

Homer C. Cato of High Springs desires to inform the Democratic voters of Alachua county that he will be a candidate for tax collector at the approaching primaries. He feels that his past experience in the office qualifies him for the position and respectfully solicits the support of all Democrats.—Adv.

J. E. Ivers has returned from Jacksonville, where he has been for the past two or three days on business. Mr. Ivers, who is quite a sportsman, brought with him a fine registered setter, "Sport," the property of a friend. This friend is expected in a few days, when he will enjoy the hunting in this section for a week, as a guest of Mr. Ivers.

ELECTION OF OFFICERS.

Woman's Home Missionary Society Held Interesting Meeting Tuesday.

The Woman's Home Missionary Society of the First Methodist church held a most interesting and well-attended meeting Tuesday, at which the following officers were elected for the ensuing year:

Mrs. W. L. Floyd, president; Mrs. C. W. Chase, first vice-president; Mrs. H. L. Phifer, second vice-president; Mrs. T. J. Nixon, third vice-president; Mrs. J. A. McElvey, corresponding secretary; Mrs. W. L. Hill, recording secretary; Mrs. J. M. Dell, treasurer.

All reports of committees were very encouraging, showing the society in good condition in every way.

Attention!

To settle a misunderstanding with regard to the masquerade to be given at Seminary hall tonight, the management wishes to state emphatically that the masks will be removed at the conclusion of the Virginia Reel, after which the gentlemen will make their engagements on programs.

The tickets are only 50 cents. For sale at Mr. Miller's and Mr. Aver's book stores and at the door.

Two prizes will be given—one a beautiful cake for the most graceful couple, and a basket of fruit for the most ridiculous one. Those unmasked who wish to dance may do so by paying the same.

If you have found anything see if it is advertised in the want column.

Geo. M. Wright, formerly of this city but now of Lakeland, is here on business. His friends are glad to see him.

Mr. and Mrs. D. M. Tomkies are rejoicing over the arrival of a fine girl at their home, which arrived yesterday. Friends extend congratulations.

The complete program of the fifth annual session of the Florida Mid-Winter Chautauqua, to be held in this city beginning on March 2nd to 15th, will be published in Sunday's paper.

J. W. Patton, the surveyor, is at home again, after several days spent in the vicinity of Melrose on professional business. He states that Melrose is quite lively now, the winter residents and visitors having arrived.

L. B. Chasel of Ocala, superintendent of the phosphate department of the Cumber Company, was in the city yesterday, having come to consult with W. E. Cumber of Jacksonville on matters regarding the business of the company.

Sam T. Dell has purchased the interests of the late W. J. Hunter in the livery business of Hunter & Edwards, and hereafter the firm-name will be Dell & Oliver. Mr. Dell is a well-known young man, and will make a fine working partner with Mr. Oliver.

W. A. Hudson of Donnie, one of the progressive farmers of the West End, is in the city attending court. Mr. Hudson, desiring to keep posted on the happenings throughout the county, especially during the coming campaign, had his name enrolled upon The Sun's ever-increasing subscription list.

Among the prominent visitors to Gainesville yesterday was Hon. Park Trammell of Lakeland, one of the most widely-known and most popular men in the State, who made The Sun an appreciated call. Mr. Trammell is a candidate for Attorney-General. He is a gentleman in every sense of the word, a man competent to fill the position, and will no doubt make a good race.

The editor of The Memphis (Tenn.) Times writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package.—J. W. McCallum & Co.
